GENERAL INFORMATION

Canaan Care Centres is a non-profit organisation providing care for persons with profound mental and physical disabilities. Our day-care facility (currently caring for 18 children) in Southernwood is open from 07h00 – 17h15 each weekday except for public holidays and short periods during the school holidays. Our residential/day-care in Selborne is open for most of the year and has 3 residents and 5 attend part-time during the week.

The people currently in our care have varying degrees of mental and physical disabilities. We try to meet their needs on an individual basis. Apart from providing nutritious meals each day we also provide various forms of therapy, depending on each person's needs. These are assessed on a continual basis, and include physiotherapy, speech therapy, alternative and augmentative communication therapy, sensory therapy, occupational therapy and reading.

Our children require a high level of care and the large majority of them are in diapers and require feeding or assistance with feeding. Most of them are immobile or partially mobile and are unable to communicate via speech.

The financial burden to families caring for these children is huge and we have therefore tried to keep our fees as low as possible. Our running costs far exceed our fees income, and although at present we receive some support from the Department of Social Development we need to raise the difference and this is done through: Pledges and Donations from individuals, service clubs and business, as well as through Fund Raising events.

Currently our shortfall is between R30,000 and R40,000 per month. Our biggest expense is salaries because we are so labour intensive.

We would value your support in helping us to be

THE VOICE, THE HANDS AND THE FEET

of those in our care

We would love to have you visit us so that you can meet the children and staff and see first-hand the work that we do. Please do not hesitate to contact us should you require further information or would like to make arrangements to visit us.

We are only able to continue the work that we do by the Grace of God, the prayers of the saints and the support of people prepared to give of themselves.

Please pray that God will guide us, that we will hear His Voice and be obedient and that He will continue to provide for us.
